

CORNFLOWER FARMS

2024 Pre-Order Form

Date: _____

Company: _____

Contact: _____

Phone #: _____

Email: _____

Notes on Ordering:

Thank you for all your orders in 2023. It is that time again! Cornflower Farms is now taking pre-orders for the 2024 Growing Season. To meet demand for the Ceanothus and Arctostaphylos, please place your pre-order by the end of November.

We follow the plant's cues on when it is time to propagate, so plants ship as ready from winter 2023 to fall 2024. Please inquire with us if you have specific production requirements or do not see what you need listed here.

A minimum order of \$500.00 in plant material is required to place a pre-order. Liners and Treebands must be ordered in full flat quantities of 50 per species. Pre-Order form can be e-mailed, faxed or mailed.

We are looking forward to the next growing season 2024!

Codes: G-Grass, P-Perennial, S-Shrub, T-Tree, V-Vines, SUC-Succulents

=not available for pre-order
